

**ROCK COUNTY HIGH SCHOOL FOUNDATION  
FALL REPORT  
2023**

The Rock County High School Foundation, Inc. is a non-profit, tax-exempt organization, which was incorporated in December of 1986 for the purpose of establishing a vehicle for contributions that would provide new and improved educational opportunities for the benefit of students, teachers, and residents of District 100, Rock County.

Proposed projects for the foundation include but are not limited to funding for academic or enrichment scholarships, special projects such as student exchanges, projects which are designed to improve instruction or curriculum and recognition of special accomplishments of staff or students.

Contributions can be made to the foundation as outright contributions -- contributions to the general fund, existing funds, or newly designated funds; recognition gifts -- cash gifts to honor a special occasion or person; deferred gifts -- bequests, trusts, or life insurance; or memorial gifts -- money donated to honor a deceased friend or relative.

At the present time, a \$100.00 contribution can be designated for a specific one-year purpose. A \$2,500.00 contribution will perpetuate a \$100.00 scholarship. Contributions of less than \$100.00 can be made to the general fund or applied to any existing fund and contributions of any amount can be designated for any Rock County student through an Adopt-a-Student certificate.

**A sincere "Thank You" to all of you that donate each year to the different scholarships. Your generosity is what continues to help our graduates proceed with their education plans. On average, we are awarding a little over \$28,000 in scholarships each year to the graduating applicants. For some of our graduates, the Foundation Scholarships are the reason they get to continue with their education.**

**SCHOLARSHIPS**

\*\*\*\*\*

**Richard Torpin Lackaff Memorial**

Richard Torpin Lackaff graduated from Rock County High School at age 16 in 1942. After one year at the University of Nebraska and a stint with the U.S. Army in the Philippines during World War Two, he returned to his boyhood home in the Sandhills where he ranched for the rest of his life. A breeder of Hereford cattle, he held leadership positions in organizations throughout the beef industry and was a founding member of the National Cowboy Hall of Fame. He loved observing nature (particularly birds), collecting Western art and cut glass, and studying history. He encouraged his children to further their education after high school, and we want to honor his memory by helping other Rock County graduates to continue learning in whatever field they choose.

**RCHS Alumni Scholarship**

Each year the Foundation strives to award two RCHS Alumni Scholarships. Our ability to do so depends entirely on your generosity!

The Alumni Scholarship is funded by the honor year classes. Therefore, the Foundation is appealing to all RCHS graduates who graduated in a year that ends in 4 to donate to the 2024 RCHS Alumni Scholarship fund. If you graduated in 44, 54, 64, 74, 84, 94, 04, 14 or would like to honor someone in a 4 class, your donation would be appreciated!

**Adopt-A-Student**

It is never too early to plan for graduation for specific favorite students, even 5th graders. An Adopt-A-Student account can be set up in a student's name, and you or anyone can contribute to it all through their school years. \$10 or \$100. Any amount is accepted. This year these accounts earned 4%. What a wonderfully easy and thoughtful gift for a future RCHS grad!

## Scotty Thompson Memorial Scholarship

Loren Scott (Scotty)Thompson was our oldest son, born September 14, 1960. And lived in the Bassett area all his growing up years, with us and his brother Kent and sister, Jill. He was a beautiful, fun baby but when he was about 3 years old, we became aware that he wasn't going to develop mentally like other children but was physically just fine. So, we started looking for ways to help him get an education that fit his needs. Living in rural Nebraska nearly 60 years ago it was a struggle. But when he was 6, we enrolled him in a developmental center in Broken Bow Nebraska. It was a difficult decision due to the distance, which was daunting to say the least, and we did that for about a year. Then I heard of a program called Doman and Delacatto. A program whereby exercise and stimulation could teach the undamaged part of the brain to do the work of the damaged part, BUT you needed a lot of community support, and Bassett being the supportive community it is, we embarked. We had four helpers come in twice a day, six days a week. Beverly Gallaway, and others from my extension club, Twilight Belles, took on the daunting task of arranging helpers. I will always be grateful to all of the ladies who took their time and energy to help. He was always such an amiable guy, he went along with everything, a real trooper. After a year and a half of monthly trips to Omaha, Scotty accidentally broke his leg. So, this brought us to time at home. Then a training center was started in Ainsworth and seemed like an answer to a prayer. We could take him daily and he'd be home at night. He and I were both exhausted from the Doman and Delacatto program and were ready to try something new. So after nearly a year in Ainsworth the program shut down. We had time at home again using some of our past training daily. Then a lady from Norfolk, Nebraska called and wanted us to try their program. By then Scotty was 12 and we thought maybe he could tolerate the situation of being away from home 4 nights a week. I would take him on Monday, pick him up on Friday afternoon, and he would live in a group home those 4 nights. So again, we launched another grueling program. Bassett friends and our family, the Petersons, Thompsons, and the Atkinson's rallied once again and if they were traveling that way, they would deliver him on Monday or pick him up on Friday. A wonderful break for me. After 4 years there, DuWayne was offered a job in Norfolk. Happy days were here again, Scott would be home nights with us, and still able to go to the developmental center. Two years later fate took another turn and we moved to Chamberlain, SD, but they had a great developmental center there. So, we moved and after 2 years, DuWayne accepted a job in Ainsworth, NE. And we were back to a residential situation in Chamberlain, for a short time while we searched for something. In the interim Scotty went to live at Bethphage Mission in Axtell NE, while we found a new training center. Scotty had always been nonverbal, he communicated but didn't use his voice. At this point he was diagnosed as autistic. None of these things had ever affected his mobility as he was always very mobile, to the point of taking off on his own, which could be a little scary. Next his case worker felt he would be better off in a group home in Grand Island to live a more adult life. By then he was 34 and they felt should be treated as an adult. Not ideal but by then we had moved to Lincoln, and I was working as well. Then Jill married this wonderful man, Darin Hoffmaster, and they lived in Cozad, where South Central Developmental was located, So Scotts sister, Jill and Darin wanted to try letting him live with them and go to South Central. Big decision as he was settled in Grand Island. But his case worker said to us if Scotty could make his own decision what would he do? That made it very simple, as we knew he would want to live with his sister's family. So, Jill made her guest room into Scotty's room, and she transported him to the workshop when she went to work and picked him up at four when he was done. And that is where he lived for the next 18 years. We lost him on November 5, 2022. What did he succumb to? I would say because he was nonverbal and couldn't communicate a problem and doctors just couldn't find what the problem was. He was the most important chapter in all our lives and such an important part of our family. He taught us all, much more than we taught him, in spite of all of our efforts. I will quote a couple things from the Eulogy his brother Kent, delivered at his service. "Scott's symbol is humility; if you don't believe it walk in his shoes a couple days" Scotty will never lie to anyone, gossip or bear false witness, none of us can say that."

We as a family decided we wanted to use the Memorial Dollars to help someone who was interested in Special Education, in hopes that they maybe could help some special needs person have a better shot at life. Thank you for reading Scotty's story.
